COLORADO BOYS HAVE INVADED UTAH

Interstate Track Meet at the University of Utah Will Be Hard Fought,

terday afternoon a dozen sturdy athletes-the very pride of Colorado. These braves will compete in a dual track meet with the crack University team this afternoon at 2.39 o'clock on Cummings's field. During the past season the visitors have met and defeated some of the best teams in

the State of Colorado. The track at the University is in better condition than ever before this sea son. The rain of the past two days has served to tighten the cinders and the track proved very fast in the Prep

vr. Cedar meet which was pulled off yesterday afternoon.

The visitors' weak point is evidently n field events, and the same can trul be said of the local team. However, if the field events are not the best, the sprint programme promises to be pro-

BALTIMORE. May T.—Joe Gans tonight defeated Jewey Cock, reputed to be
lightweight champion of England and
welterweight champion of South Africa,
before the Eureka Athietic club. The
men were to have boxed fitteen rounds to
a decision. Cook weighed twelve or fitteen pounds more than Gans, the latter
having weighed in this afternoon at 143
pounds. pounds.
Gans did the fighting throughout the bout, and three times floored Cook, who took the count on each occasion. He quit in the eighth round after right and lefts to the law which nearly put him out.

CHICAGO. May 27.—Frankie Neill of San Francisco knocked out Tommy Moore of Chicago after two minutes of hard fighting. Moore was outclassed and was unable to land an effective blow on Neill, who, after blocking a number of swings, sent Moore to the floor with a straight left under the heart. When Moore regained his feet Neili was after him fleroely and drove him around the ring with hard body blown A left to the stomach sent Moore down for the second time, and he was nearly done for when he stood up. for the first time prize. A gold medal was formerly offered but as many of the riders kicked, the bleycle was substituted. Rippeto now has a good list of prizes, and the riders will have sufficient encouragement to go out and win.

Yesterday morning Manager Rippeto and a number of the riders who are entered in the event went over the course, and they report the course to be in good shape. The recent rains have largely smoothed out the rough portions and unless another storin comes along before Monday the roads will be in better shape than for some time past.

Last Sunday several of the riders went over the course in the temarkable time of 42 minutes flat. The record is 45 minutes and several seconds, but with good weather this mark will probably be shattered Decoration day.

Arrangements have been made whereby an observation train will accompany the riders and arrive in time to witness the finish at Lageon.

REILLY AND FLYNN IN HEAVY TRAINING

Something of the Work the Two Boxers Do Each Day to Get in Proper Condition.

Tommy Reilly and Jimmie Flynn are hard at work in anticipation of their ring contest on June 9. Reilly is working out at Thompson's gymnasium and each day does enough hard work to fatigue a horse. Commencing in the morning Tommy does a number of hours and incidentally a few miles on the road. Up City Creek canyon, down to Murray, up to the fort, or across the river he jogs every day in company with his brother Jack, who is working out also. After a run of not less than five miles, the boys return and take a vigorous rub. In the afternoon the gymnasum is visited and two hours or more spent in hardening up the muscles and taking off weight. Handball, bag-punching, skipping the rope, dumbel exercises, mat work and boxing are the favorite methods in vogue. Quite a number of spectators are present each afternoon to watch the clever middleweight do his daily stants.

Flynn is working at the fire department gymnasium. He is assisted by a number of brother boxers and does more work with the mitts than Reilly. Flynn, too, is a glutton for work, and spends considerable time in the gym each day besides his regular amount of road work.

Both men are rapidly coming down to weight and there is little doubt but that they will both be in good shape for their meeting on the 9th.

CEDAR CITY BOYS CROWDED THE PREPS

Locals Saved Their Laurels Only by Winning the Closing Event-The Results.

Y a margin of 10 points the Univer-sity Preps frack team defeated their southern counts in yesterday's meet. The Cedar athletes are a husky bunch, and in a number of the vents their work created a sensation. The

visitors captured most of the field events,

while the Preps pulled in everytains the sprinting line.
When the efficials called up the rival relay teams the score stood 35 to 37 in favor of Cedar City. The Preps must win this event or lose to their southern opponents. Swapp, the Cedar man, led off, followed closely by Russell. For the first 100 yards neither man made any perceptible gain, but after that Swapp began to crawl slowly away from the local man. It was hoped by the visitors that he would open up an insurmountable gap, but "Cuddy" willed it otherwise and, with a terrible burst of speed, he dashed forth, crossing the tape a womer by a couple of valle the Preps pulled in everything in

Two New Track Stars.

Two New Track Stars.

Yesterday's meet brings into prominence two star men—Swapp of Cedar and Speasor, a local man. Swapp is an all-around athlete. He captured first place in the two jumps and made the local men trail in the dust in the quarter-mile. Spenser carried off the honors in the sprints and made the preat finishing and winning run in the relay.

The 160-yard desh proved destructive to the visitors. Fife, their star sprinter hurthes hip in the start and was compelled to withdraw from the other events. He finished a good second, but failed to stand the pace set by Spenser.

In the shot put the visitors spring a surprise by capturing both places. Thoriey captured first place with nearly 36 feet, and Swapp managed to beat Sam Bennion by the narrowest margin.

Swapp carried off the honors in the broad jump by clearing an even 30 feet. He followed with an exhibition jump which was 3 inches better, and on a dry field the Cedar athlete can easily cover 21 feet. Russell and Thompson covered over 19 feet, but lacked the springy force maining distance.

In the high jump Swapp was again the

over 19 the successary to cover the remaining distance.

In the high jump Swapp was again the victor. With the most graceful movement and with hardly any exertion he cleared the bar at 5½ feet. If Colorado does not object he will be entered in the jumps intoday's meet as a member of the University track team.

FRUIT PICKERS ARE DOWNED

Thompson, the Hoodoo, Loses for Boise.

Miserable Support Given the Pitcher for the Idaho Capital Crowd.

Marshall's Stickwork Was One of the

Features, Making Two Home

PUTTE, Mont., May M.—Errors on the part of Babbitt and Marshall in the eighth inning gave today's game to the Miners, one of the locals being sent scurrying around the circuit and establishing a lead which the Fruit Pickers were unable to overcome. The game was practically given to the locals. Thompson pitched championship ball, holding the lo cals down to nine scattered hits, and but for miserable support accorded him by the infield would have landed today's game for Bolse. Marshall's stick work was one of the features of the game. Twice at the bat he caught the sphere squarely on the nose for a home run, the first of the season, and again for a three-bagger. Two of the Fruit Pickers, who found safe lodging on the bags as a result of errors of the locals, joined Marshall in the scoring the locals, joined Marshall in the scoring as a result of his fly onto the side of this mountain. When Marshall made two home runs in Butte two years ago the fans bombarded him with half-dollars, but this time no coins rent the sir, and instead groans went up from the bleachors. Wilmot's three-bagger, in bringing two runs and tying the score, was about the only batting demonstration of the Butte Invalids. A wild pitch of Thompson's also brought in a run.
